

PUBLIC NOTICE

The Iowa Department of Natural Resources (DNR) is proposing to renew the Title V Operating Permit for Unverferth Manufacturing Company, Inc. This facility is located at 27612 Temple Avenue in Shell Rock, Iowa. The DNR is currently reviewing an application for renewal submitted by Unverferth Manufacturing Company, Inc. to operate their existing farm machinery and equipment manufacturing plant.

Unverferth Manufacturing Company, Inc. is required to obtain a Title V Operating Permit pursuant to 567 Iowa Administrative Code (IAC) 22.101. This facility has the potential to emit the following air pollutants annually:

PM-10 (particulate matter ten-microns or less in diameter): 31.17 tons

Particulate Matter: 31.17 tons

Sulfur Dioxide: 1.03 tons

Nitrogen Oxides: 16.10 tons

Volatile Organic Compounds: 225.57 tons

Carbon Monoxide: 2.18 tons

Lead: 0.00 tons

Hazardous Air Pollutants: 6.57 tons

Based on the information provided in the Title V Operating Permit renewal application, the DNR has made an initial determination that the facility meets all the applicable criteria for the issuance of an operating permit specified in 567 IAC 22.107.

A complete record of the permits review, including the permit applications and the proposed permits, is available for public inspection Monday-Friday, 8:00 a.m. - 4:30 p.m., at the DNR address shown above.

The public comment period for the proposed permit will run from February 21 through March 23, 2019. The beginning date of this public comment period also serves as the beginning of the U.S. Environmental Protection Agency's (EPA) 45-day review period, provided the EPA does not seek a separate review period. During this time, anyone may submit written comments on the permit. Mail signed comments to John Woodland at the DNR address shown above.

Written requests for a public hearing concerning the permit may also be submitted during the comment period. Any hearing request must state the person's interest in the subject matter, and the nature of the issues proposed to be raised at the hearing. The DNR will hold a public hearing upon finding, based on requests, a significant degree of relevant public interest in the proposed permits. Mail hearing requests to John Woodland at the DNR address shown above.

The DNR will keep a record of the issues raised during the public participation process, and will prepare written responses to all comments received. The comments and responses will be compiled into a responsiveness summary document. After the close of the public comment period, the DNR will make a final decision on the permit application. The responsiveness summary and the final permits will be available to the public upon request.
